

Advanced real-time
PCR training course

Nordic Webinar

Advanced real-time PCR training course

Presenter: Björn , Sr Product Specialist qPCR, Thermo Fisher Scientific

Date: March 11th 2021

Time: 11 AM CET

qPCR method validation, MIQE Guidelines, qPCR Applications and multiplexing

Topics:

- **Introduction**
 - Theory of real-time PCR, a recap
 - Validating qPCR Experiments
 - MIQE guidelines
 - Central Dogma of Biology
- **Applications of qPCR**
 - miRNA and pri-miRNA
 - Long non-coding RNA
 - SNP genotyping
 - CNV
 - Digital PCR
- **qPCR Multiplexing**
