

LUNDBECK FOUNDATION INFORMATION MEETING

The Lundbeck Foundation grants at least DKK 500 million each year to Danish public research. Our grants go primarily to biomedical and health science research –focusing mainly on the brain and research topics which on a short- or long-term basis might benefit our understanding of the brain and prevention, diagnosis, and treatment of brain disorders.

At this information meeting the Lundbeck Foundation Grants and Prizes team will present the foundation funding strategy and give an overview of the Lundbeck Foundation grants and prizes, including the two new initiatives:

- **Lundbeck Foundation Clinical Postdocs**
- **The Lundbeck Foundation Investigators Network (LFIN)**

Target audience: Postdoc to senior researcher

When: 15 December 2021, 14:00 – 15:00

Where: AIAS auditorium, building 1632, room 201, Høegh-Guldbergs gade 6B, 8000 Aarhus C

Registration is not necessary.
